Matching you with the right caregiver for your needs.

Parentis Health Home Care will match the right caregiver for your needs through our unique in-home care assessment.

We take a “whole person” approach to home care. We don't just look at physical needs, but also personality. We evaluate dynamics such as hobbies, sociability, likes, and dislikes. Then, match you with a compatible caregiver.

We help both clients with ongoing care needs and those who just need a quick pop-in visit every now and then.

Whether you need 1 hour of care or 24 hours of in-home care—we are able to provide it.

Trained and reliable in-home caregivers with no hourly minimums.
